Farmacisti Senza Frontiere Svizzera – Accesso a trattamenti di qualità per tutte e tutti
Pharmacists Without Borders Switzerland – Access to healthcare for all

Pharmacists Without Borders Switzerland (PSF Switzerland)

PSF Switzerland is looking for a:

Pharmacist for our development cooperation mission in Madagascar

to support the pharmaceutical infrastructures by working with local health teams in three health facilities in the port city of Mahajanga, Madagascar.

Candidate's role:

The candidate will provide pharmaceutical support to strengthen the capacity of local teams through training and skills transfer. He/she will also be involved in the day-to-day running of the supported health centres, thereby contributing to the development of the activities of the PSF Switzerland project. This mission is fully in line with development cooperation.

Duration: As soon as possible for a period of one year

We offer you:

- recognition of humanitarian work for FPH training (6 months);
- a rich human and professional experience;
- The opportunity to get actively involved in a humanitarian cause;
- Payment of travel expenses, basic health insurance, accommodation and meals;
- Payment of a flat allowance.

You have:

- a degree in pharmacy with at least two years of professional experience in a pharmacy or hospital;
- an interest in humanitarian aid and sustainable development;
- an interest in pedagogy and training;
- an interest in learning about another culture.

Specific requirements for this mission:

- a good knowledge of French (written reports and working language)
- ability to lead practical work at the University of Antananarivo and to interact with pharmacy students.

For administrative reasons, we can only consider candidates residing in Switzerland.

We look forward to receiving your application (CV and letter of motivation) by email at the following address: info@psf.ch.
